

Anti-Redness CREAM BIOACNE

Organic* anti-redness emulsion ideal to provide daily hydration to sensitive and reactive skin prone to rosacea. This highly protective formula offers the benefits of plant-based stem cells to help calm, desensitize and comfort sensitive and hyper-reactive skin. This synergy of vasoconstrictor, decongesting and soothing ingredients helps reduce inflammation and quickly neutralize the appearance of redness for a fresh and more even complexion. This antioxidants and prebiotics-rich treatment promotes a healthy skin microbiota and helps prevent acne rosacea flare-ups. Used daily, this cream helps to repair the epidermis and improve skin texture.

* Formula certified COSMOS ORGANIC by Ecocert Greenlife, hypoallergenic, vegan, non-comedogenic, paraben-free, gluten-free and cruelty-free.

-

Anti-Redness SERUM BIOACNE

Anti-acne and anti-redness organic* treatment designed to effectively control acne rosacea symptoms including: redness, papules and pustules. Made with antimicrobial and antiparasitic ingredients, this concentrate helps minimize the spread of pathogenic microorganisms such as Demodex Folliculorum to facilitate the healing of acne rosacea lesions. This ultra-light antioxidant serum helps instantly soothe local inflammation and redness with no side effects. Results are visible within the first week of use; skin is visibly healthier, smoother and more even. Overtime, this treatment helps to strengthen skin immunity and prevent rosacea flare-ups.

* Formula certified COSMOS ORGANIC by Ecocert Greenlife, hypoallergenic, vegan, non-comedogenic, paraben-free, gluten-free and cruelty-free.
